Season One

Episode One

Super: Drink from a river of folding light as
consciousness conceives. Holding within us all that is
dark, causality stitches or cleaves.

- The Nevaett Chronicle

Voice Over: You cannot begin to dream the nightmare that
is my thoughts. For I have looked to the Heavens and
questioned the very nature of God. I have meditated over
the divine wisdom that is a harmonious relationship with
God only to be slain with the blade that is my mortality.
Now, is it a wonder why I'm mad? Why we are all mad? To
be defiantly perched on the virtue of inner peace, while
we slide into a complacency only the infinite can afford.

INT. THE NEVAETT CONTINUUM - ETERNITY

Two yuds are suspended in a etherial state surrounded by
the symbol of infinity in motion. The yuds begin to spin
opposite ends to one another, slowly they transform into
two humanoid forms.

Haru has lead the five boys to a bridge.

The five boys look around, but have lost sight of Haru.

A village elder sits on the bridge, across the street from the five boys.

Haru appears behind the village elder and launches one more marble at the five boys to get their attention.

Haru slips a rope around the village elder's neck, secures it to the bridge, grabs the village elder and leaps off the bridge pulling the village elder with him.

The boys cross the street, in stunned silence.

As they approach the rope it is clear to the boys there is a great deal of tension on the rope.

Fear sweeps over the boys, as they dare each other to look.

One of the boys decides to look.

Not wanting to be shown-up, the four other boys jockey for position to be the first to look.

With amazement the boys look over the bridge to see the dead village elder hanging by a rope.

Haru reemerges dressed as a ninja.

YUKIO

An electronic tether. One that brought your victims to their fate.

DETECTIVE #1

Is their murder related to your case?

YUKIO

Potentially, I've picked up a great deal of chatter associated with my killer friend.

IRIS

He's become a hero in some chat rooms. They're calling him Hector's Ghost.

YUKIO

A tether was triangulated to this school district in search of our Ghost.

IRIS

Someone very powerful may want this hero dead. The tether picked up a location, but not an identity.

DETECTIVE #1

Given how heavily armed our victims were, they may have been willing to kill everyone to get him.

DETECTIVE #2

How do you wish to proceed?

IRIS

What would be the reason for my
calling so late?

YUKIO

I can no longer afford the luxury
of what others think.

IRIS

Not caring what others think? You

is so skilled at gossip she could

HARU

Just a statement of fact.

PRINCIPAL MATSU

I didn't have time to do as you asked.

HARU

All you had to do was load the program, it did all the work.

PRINCIPAL MATSU

The presents of the police made that impossible.

HARU

Do they have the video?

PRINCIPAL MATSU

It was unavoidable.

HARU

Now I'm forced to expend resources I'd prefer to have in reserve.

A way to reverse engineer the code. Once it's decompiled we may have a new cornerstone for security.

PRINCIPAL MATSU

Then some good has come of this?

HARU

Yes, but I won't be attending school for the next few days, and it's very important for you to see my perfect attendance record remains intact.

the universe?

IRIS
Rhetorical?

YUKIO
To an extent. I've always been
confident in who I am and my place
in the world.

IRIS
However...

YUKIO
That changed today. I experienced
what can only be described as
supernatural.

IRIS
(excited)
You saw their spirits didn't you?

YUKIO
I would consider such an encounter
benign, compared to what happened
today. I've struggled with the
thought of telling you, fearing
you'd think I'm mad.

IRIS
I think you're confused. This case
has been difficult for both of us.

YUKIO
The Book of the Flesh, it called

I first heard as a child.

memories of the book's haiku.

IRIS

There must be a rational
explanation.

YUKIO

Yes, the one that keeps me
medicated for the rest of my life.

IRIS

The radiation?

YUKIO

I know what is real. The book is
real. I can feel it in my hand.

IRIS

Perhaps it's a tumor?

YUKIO

It wasn't there this morning. I
can feel it's shape in my hand.

IRIS

Please, let me examine your hand.

examine it.

PRINCIPAL MATSU
